Sexual Offender Record Information (SORI) REQUEST FORM

Star Island Corporation will search the National Sex Offender Registry Database, which is a collaborative effort between State Agencies hosting public sexual offender registries and the Federal Government. The Federal site centralizes the different sex offender registries built and maintained by States and Territories. All requests shall be kept confidential.

As an applicant/employee/volunteer for the position of Youth Staff, I understand that a sexual offender registry check will be conducted for conviction of a criminal offense against a victim who is a minor or a sexually violent offense. The information below is correct to the best of my knowledge.
